

A PATHWAY TO EXCELLENCE

KIDS EDUCATION ELEMENTARY SCHOOL SYSTEM 4 SONO PITAFI

Abdul Aziz Pitafi, a determined young boy, grew up in a small rural village Sono Pitafi where the literacy rate was alarmingly low. This area is the backward area regarding the Education, mostly children's of these areas are out of schools due to not availability of any quality school in this area. His father, a Farmer, earned 11,000 rupees monthly. Despite this, **Abdul Aziz's father** supported his dream of education, defying societal norms.

In **2018**, **Abdul Aziz** enrolled in the **Kids Education Elementary School System Sono Pitafi** through the Foundation Assisted Schools (FAS) program. Backed by SEF, GoS, and the **Lanjar Development Foundation (LDF)**, the program offered his free education and encouragement.

Abdul Aziz's unwavering determination soon shone through. He won awards in his examination and other competitions while maintaining top grades. In **2024**, he secured a fully funded scholarship to **Dr. Abdul Qadeer Khan School System & College Ibraheem Campus Islamabad** on Merit, opening doors to opportunities he had only dreamed of.

Abdul Aziz now aspires to become a medical doctor, aiming to solve challenges in healthcare and technology for underprivileged communities. His journey reflects the boundless potential unlocked by education.
